SUBHRAJEET PANDA

Front-End Developer (Fresher)

📞 +91 8093581819 || ✉ subhrajeetpanda94@gmail.com || GitHub || LinkedIn

SUMMARY

Dedicated and detail-oriented Front-End Developer (Fresher) with hands-on project experience in developing responsive web applications using React.js, HTML5, CSS3, and JavaScript. Proficient in designing user-centric interfaces, implementing state management with React Hooks, and integrating RESTful APIs. Demonstrates strong command over modern UI/UX principles, responsive layouts using Bootstrap and Tailwind CSS, and browser compatibility. Passionate about writing clean, maintainable code and solving real-world problems through impactful web experiences.

EDUCATION

➢ **NIST Institute of Science & Technology, Berhampur, Ganjam, Odisha**   **JUN-2024**
  - Master of Computer Application (MCA)   -   CGPA: 7.8/10

➢ **Berhampur University, Berhampur, Ganjam, Odisha**   **MAY-2022**
  - Bachelor of Science   -   CGPA: 8.3/10

PROJECT

➢ **Sweet Bites Bakery –E-Commerce Website: -**   *Visit*
  - **Description:** Developed Sweet Bites Bakery, a fully responsive front-end e-commerce website using React.js, Vite, Bootstrap 5, and JavaScript (ES6+), featuring a modern blue-themed UI and mobile-first design. Designed and implemented reusable components. Integrated dynamic product rendering, category-based filtering, sticky navigation, smooth animations, and scroll-to-top functionality to enhance user experience. Utilized React Router for seamless navigation and applied best practices in responsive web design for compatibility across devices.
  - **Technologies:** HTML5, CSS3, Bootstrap 5, JavaScript (ES6+), React.js, Vite, React Router, Responsive Web Design.

➢ **Dice Game: -**   *Visit*
  - **Description:** Developed a dynamic dice game with betting modes (Small, Jackpot, Big) using React.js and custom CSS animations. Utilized React Hooks for real-time state management, achieving sub-1s response times. Delivered an engaging, fully responsive experience with animated feedback and scalable UI components.
  - **Technologies:** React JS, JavaScript, HTML, CSS, & Bootstrap.

➢ **Personal Portfolio Website: -**   *Visit*
  - **Description:** Engineered a fully responsive and interactive personal portfolio website to highlight skills, education, and projects. Integrated AOS.js for scroll-triggered animations and a dynamic typing effect to boost engagement. Implemented a sticky navbar, scroll-to-top feature, glass morphism footer, and project showcase cards with hover overlays. Ensured cross-device and cross-browser compatibility using Bootstrap grid and custom media queries, with a strong focus on clean code, performance, and modern UI/UX design. Optimized images, layout, and scripts to reduce page load time by over 1.5 seconds.
  - **Technologies:** HTML, CSS, JavaScript & Bootstrap.

SKILLS

Frontend: HTML5, CSS3, JavaScript, React.js, Bootstrap

Developer Tools: Git/GitHub, Visual Studio Code

Soft Skills: Problem Solving, Time management, Communication, Team Collaboration, Quick Learning

CERTIFICATE

➢ **MERN Full Stack Development**   PURSUING
Ongoing training in full-stack development with the MERN stack (MongoDB, Express.js, React.js, Node.js), covering REST API development, CRUD operations, routing, and deployment fundamentals.

➢ **React Bootcamp**   AUG-2025
Built dynamic and reusable UI components with React.js, implemented state management, React Router navigation, and integrated APIs for interactive web applications.

➢ **HTML CSS Bootcamp**   SEP-2024
Focused on responsive layout design, media queries, Flexbox, and Bootstrap for modern UI development.
